General Rules:

a. Research Project is not transferable in any case.

b. If Project Incharge / Principal Investigator fails to complete the project, he/she has to refund the entire amount released.

4. Consultancy:

Consultancy services provided by college academic staff is one of the important component of R & D activities. It appears that due to lack of clear cut consultancy policy/ rules regarding
remunerative consultancy on the part of college, a state of confusion prevails among faculty members, which discourage faculty members to provide consultancy services at institutional level.

Academic Staff may engage in up to 50 - 70 days per annum remunerated consultancy activities for third parties through the college after a formal approval from The Chairmain and may retain remuneration received from consulting, subject to the conditions outlined below-

When consultancy is undertaken for any agency/ institute/ industry, the 40% will be shared by concerned faculty and 60% has to be deposited to the College for General Welfare Activities.

In the case of Government agencies where the remuneration distribution rules are given, the funds generated will be distributed as per the rules of that particular Government agency.

**No faculty member should be involved in any type of remunerative/non remunerative consultancy without prior permission from the College.**
